No. 4

Inside this report you'll find the votes of your Senators and Representatives. Votes on selected bills of importance to students covering late 1976 and all of 1977 make up the voting record catalogue along with the NSA-NSL rating. The rating is based on the percentage of times the public servant voted in favor of the position that NSA-NSL took on the issue. How did your representative or senator do? Should you help re-elect them? Or should you introduce yourself to the other candidate? This report should be used in conjunction with Target Report No. 3 "Student Voting Power" which shows the margin of victory and the district's campuses that can make the difference on election day.
